The Ethical Doctor

Press Release

Dr. Vikki Hufnagel one the nation's top investigative medical reporters, host of The Ethical Doctor on Pacifica Radio –WBAI NY and PRN.com is launching a new series *“Shadow of Medicine”* revealing horrific medical abuses.

The series opens with the routine abuses of single mothers in hospitals and medical practices that are focused on stealing their infants away for sale to the highest bidder. How this practice was in the past and how it is today.

New York , NY April 17, 2012 :

Doctor Vikki has an ever growing audience. HBI an nonprofit organization is the only media outlet that has its foundation in ethics. Staff meetings on stories are about the ethical issues that need to be explored. The Ethical Doctor is supported by the on line paper THE ETHICAL TIMES and its YOUTUBE segments .On air interviews are the research for living books in progress. The stories on the *Shadow of Medicine* cause the listeners to cringe .Healing practices are offered as well steps to take to prevent abuses . Listeners are taught IDA / in depth analysis. Listen and become empowered by this series. Callers are constantly calling in to thank Pacifica Radio for saving their life. The series *Shadow of Medicine* opens with the interview of lay therapists whose life work has been to expose and prevent the abuse of young pregnant females who have been treated as experimental lab animals. Joe Soll and Karen Wilson-Buterbaugh are adoption experts with the data on these abuses and case studies to back up the data. The have published books, articles and lecture on the harsh reality of the do anything it takes practices in medicine to sell babies throughout the globe.

This is news you should be carrying , call us and add ethical news to your schedule.
